

**Have you ever wondered what you
or your facility can do to help the
needy in your community?**

Support the NATCA Charitable Foundation

You or your NATCA Local's \$50 donation will sponsor a tree or plant that will be used in the convention hall at the 2012 NATCA Biennial Convention in Denver, Colorado.

All Delegates and Convention Participants will see your individual or your NATCA Local's support through signage on the plants throughout the convention. All individuals, Locals, Towers, TRACONS, Areas and Centers can help make a difference through this fund raiser.

Join us and *Show Your Roots!*

At the end of the convention, the foliage will be donated to

Habitat for Humanity of Metro Denver

All proceeds to benefit the NATCA Charitable Foundation
